

WalkSafe

Employee safety

The major competitive
advantage in business.

Staff safety isn't just a cost-it's a competitive advantage that enhances employee loyalty, productivity, retention and helps recruitment.

Your teams want a harassment free working environment, they want to commute safely to the office and feel safer socialising whether after work with colleagues or with their friends and families.

WalkSafe Pro helps protect employees in the workplace, on their commute and is available for their families at the weekend...

The 'Always-On' Benefit: A lifestyle gift that extends company value into their private life. Recent surveys shows this is valued higher than many other HR benefits.

Monitored journeys: Helps remove the anxiety of travel, boosting daily productivity.

Legal compliance: WalkSafe delivers early warnings of harassment worries and allows temperature check surveys to ensure employees are happy and motivated.

The benefits

Commuting

- WalkSafe Pro helps employees take responsibility for their own safety
- Pro enables your staff to gain 24/7 monitoring whilst commuting to work or social events
- 60% of staff have been harassed and expect employers to support their safety travelling to and from work
- A tool to encourage hybrid workers back into office

The benefits

In the office

- WalkSafe Pro's Prevent module delivers proactive measures and harassment reporting now required by law
- The employee walkSafe+ app enables an early warning alert for HR and Security before harassment issues grow into lawsuits and negative PR
- Wellbeing surveys on the app for fast organisational temperature checks

The benefits

Socialising after work & with friends

- WalkSafe is the UK's leading personal safety app, and you can also offer this valuable HR benefit for employees to use with their families and friends
- It features a national interactive map of safety-trained venues, which have already helped users avoid assault and harm

From the office to the weekend

WalkSafe Pro provides total 24/7 protection for every part of your team's life.

You can demonstrate your organisation cares about staff wellbeing in the office, reduce their risk of harassment or assault whilst travelling to and from work, and support their safety socialising after work or when they are out with family and friends.

WalkSafe Pro

A major HR and Security benefit for your employees and your business.
